

KROWDSPACE

FOR IMMEDIATE RELEASE

Introducing KrowdSPACE: A Crowdfunding Resource to Empower Campaign Owners and Unify the Crowdfunding Community.

KrowdSPACE is Now Accepting Live Kickstarter and Indiegogo Campaigns

SEATTLE, WA - November 6th, 2017 - KrowdSPACE features projects gathered from the top crowdfunding sites and brings them together into one unified community. Campaigns that utilize KrowdSPACE add unique and powerful branding above and beyond the original crowdfunding platforms. Along with the detailed resources, KrowdSPACE can provide start to finish support for running a campaign with little to no experience. Requirements to submit a campaign are to offer KrowdSPACE members a unique reward for backing their project on Kickstarter or Indiegogo.

"The response we have had from our community has been amazing and we are taking their suggestions to heart in this latest KrowdSPACE release." said Mason Halstead, Founder of KrowdSPACE. KrowdSPACE has been completely rebuilt from the ground up to maximize the marketing capabilities for project owners. "KrowdSPACE helped my Kickstarter campaign reach 123K in only 30 days, it was one of our top 5 referral sources. The giveaway campaign KrowdSPACE sponsored performed exceptionally well for my product." said Rob, the Cofounder of GCPA.

Any crowdfunding resources or affiliates that want to be a part of the KrowdSPACE community, please visit our website www.krowdSPACE.com or email mason@krowdSPACE.com.

About KrowdSPACE

KrowdSPACE was designed to help entrepreneurs navigate the process of building and launching a crowdfunding campaign. Our mission is to bring focus to campaign content and create a unified community and free marketing tool to increase the chances for success.
